Part No.: [353434](#)

Triple the connections — one simple solution

The Manhattan 3-in-1 USB Charging Cable is a smart connectivity solution that offers all the common connections you need to charge and sync nearly any current portable electronic device. Featuring a high-quality upstream USB-A connector as well as robust, downstream micro-B, type-C and certified Apple® Lightning connectors, this adaptable cable solves the problem of having to keep multiple cable types on hand in order to keep your tech up and running. With nestable connections from the primary micro-B to either USB-C or Lightning plugs, any mobile phone, digital camera, portable gaming system or other mobile devices will be perfectly adapted to your current power or data sources. Ideal for travel and mobile purposes or as a replacement cable, the Manhattan 3-in-1 USB Charging Cable is the perfect companion to any USB-A-compatible computer and wall or car charger, so your device stays powered up and ready to go when you are.
